

ALL-OUT® SYSTEM

NEXT GENERATION OF HOPPER BINS

*Leadership Through Innovation®
for a New Feed Storage Standard*

Exclusive features for ALL-OUT® bin performance

Brock reinvented the feed bin with the introduction of its next generation of hopper bins. Brock's Next Generation Feed Bin raises a new industry standard for excellence and value. Added together, the innovative features of the Next Generation Feed Bin comprise Brock's ALL-OUT® System to provide solutions for better productivity in your operation. The ALL-OUT® System solves problems producers reported to us and improves on all previous generations in feed storage.

Product Features

- **SPRING-LOCK®** Lid provides a positive, spring-aided closing action, yet is easy to open with one hand.
- **40° Roof** matches the natural incline angle of repose for stored feed to maximize usable feed storage capacity.
- **HYDROSHIELD®** Weather Guard directs moisture to drip off the bin's sidewall and keeps it off the bin's hopper and boot.
- **ACCESS PLUS®** Hopper Access Door permits easy clean out of the bin from the ground. The Door retrofits into previous Brock feed bin models too.
- **Digital WEIGH-MATIC®** Scale System uses temperature-compensated load cells to give highly accurate weights for feed stored in individual feed bins.
- **Automatic boot slide actuator** system automatically closes boot slide shut off on empty bin while opening second bin in tandem systems. Manual actuator is also available.

Product Advantages

- **SPRING-LOCK®** Lid resists wind and keeps out snow and rain. When open, the lid slides down and out of the way of feed truck's auger.
- **SPRING-LOCK®** Lid and **ACCESS PLUS®** Door aid in biosecurity by allowing remote bin opener location and by easing cleaning chores.
- **HYDROSHIELD®** Guard results in less water on bin hopper and boot.
- **Automatic boot slide actuator** on a tandem feed bin system helps keep birds or animals from missing a feeding.

Warranty and Service

Brock's ALL-OUT® System is backed by a generous warranty and by a worldwide network of trained technical service and distributor professionals.

For the distributor nearest you, call the Brock Customer Service Department at 574-658-4191.

Optional Ladder Security Door

SPRING-LOCK®
Feed Bin Lid & Opener (patented)

HYDROSHIELD® Weather
Guard (patented)

Sturdy Ladder System includes a
convenient handrail (patented)

Optional ACCESS PLUS®
Hopper Access Door (patented)

Red Translucent Boot Transition
offers highest durability and even flow

HOPPER BINS—40° Roof & HYDROSHIELD®

MODEL NUMBER	TONS	CAPACITY 40 LB./CUBIC FT. CUBIC FEET	HEIGHT TO FILL FEET-INCHES
6' diameter bins w/60° hopper			
45-00601	3.1	156.9	11' 6"
